

YASREF

China Suppliers
— Forum 2026 —

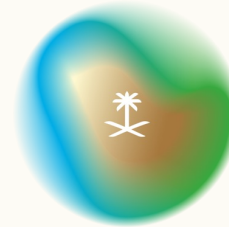

Yanbu, Saudi Arabia

16 - 18 November 2026

YASREF China Suppliers Forum 2026 will be held under the Patronage of

وزارة الطاقة
MINISTRY OF ENERGY

The Forum brings together a number of government entities, leading national companies, and key industrial and investment organizations in support of its strategic objectives to strengthen Saudi-Chinese industrial cooperation, attract investment, enhance supply chain resilience, advance industrial localization efforts, and contribute to achieving the objectives of Saudi Vision 2030.

ABOUT THE FORUM

YASREF China Suppliers Forum 2026 (YCSF)

The YASREF China Suppliers Forum 2026 (YCSF) is a three-day, world-class business platform hosted in Yanbu that connects the Kingdom's leading energy and industrial organizations with global technology, capability, and investment. For local companies and Saudi joint ventures, YCSF is a **direct gateway to buyers, partners, and the government and industry decision-makers** shaping the next decade of Saudi industrial growth.

THE FORUM IN NUMBERS

Scale that puts you in the room with the decision-makers

130+

Total estimated
attendance

1,000

International Chinese
delegates

5,500

Saudi delegates —
energy, manufacturing &
public sector

1,500

VIP attendees —
ministers, dignitaries &
CEOs

| THE PLATFORM

Backed by the Kingdom's Energy Powerhouses

YCSF 2026 is convened by YASREF and anchored by the industrial leaders shaping the Saudi–China partnership.

SINOPEC

One of China's largest energy & petrochemical enterprises

Co-owner of YASREF and a bridge to China's industrial base, grounding the forum in a proven Sino-Saudi industrial alliance.

SAUDI ARAMCO

One of the world's largest integrated energy and chemicals companies

Co-owner of YASREF and the gateway to the Kingdom's vast downstream, procurement, and localization ecosystem, opening its supply chain to China's suppliers.

YASREF

Yanbu Aramco–Sinopec Refining Company

A landmark joint venture between Saudi Aramco and China's Sinopec, and one of the world's most advanced full-conversion refineries.

STRATEGIC Objectives

For Saudi companies and joint ventures, YCSF 2026 is where national demand, localization, and global capability converge, creating direct commercial opportunity.

01

Source the best suppliers & technology

Meet 130+ qualified suppliers and discover the latest industrial solutions matched to your projects and procurement needs, all under one roof.

02

Secure and strengthen your supply chain

Build a resilient, competitive supply base for critical equipment and services, reducing lead times, single-source exposure, and procurement risk.

03

Localize your supply chain

Identify partners to localize manufacturing and services, helping you meet your local-content (IKTVA) targets and Vision 2030 commitments

04

Form Saudi joint ventures & partnerships

Connect with international technology providers to establish JVs, transfer technology, and build national capability within your operations.

05

Negotiate smarter through matchmaking

Use pre-booked B2B meetings to compare offerings, benchmark pricing, and shortlist qualified suppliers efficiently.

06

Position your company as a buyer of choice

Sponsor visibility attracts the strongest suppliers and partners to compete for your business, while connecting you with key government and industry stakeholders.

THE OPPORTUNITY

The Value of Your Entity's Participation

| 01

Reach the right buyers

Direct access to 5,500+ Saudi delegates and procurement decision-makers across energy, manufacturing, and the public sector.

| 02

Pre-booked B2B matchmaking

A structured matchmaking engine connects your solutions with qualified Saudi buyers in scheduled meetings, before you even arrive.

| 03

Showcase your technology

Present your capabilities to 7,000+ industry professionals, ministers, and CEOs on a world-class exhibition and conference stage.

| 04

National & international visibility

Position your entity and access Chinese and Saudi delegates and decision-makers across energy, manufacturing, and the public sector.

| 05

Turn dialogue into signed deals

Live MoU signing ceremonies and the Saudi-China Industrial Collaboration Report convert conversations into commitments.

THE VALUE FOR YOU

Your Return on Participation

Brand Visibility

Position your brand before 7,000+ industry professionals, ministers, and CEOs on a world-class conference and exhibition stage.

Business Development

Direct access to Chinese and Saudi market and procurement decision-makers across energy, manufacturing, and the public sector.

Strategic Partnerships

Meet international technology providers and investors to build joint ventures and localize advanced capability.

Stakeholder Engagement

Engage the government and industry stakeholders shaping regulation, localization, and national demand.

MAIN PILLARS

Four Platforms, One Opportunity

Three days engineered to move you from visibility to commercial partnership.

01

Exhibition

The commercial engine of the forum, 150+ exhibitors demonstrate technology to energy leaders, investors, and procurement teams.

02

Conference

Ministerial keynotes, executive panels, and thought-leadership sessions synchronizing Saudi industrial priorities with Chinese capabilities.

03

Investment & Industrial Cooperation Forum

The outcome-driven stream, linking Chinese capabilities to Saudi investment priorities, localization, and joint-venture opportunities.

04

Networking & Experiences

Curated B2B meetings, executive roundtables, a VIP gala dinner, and a Yanbu site visit that build trusted, lasting relationships.

| THE DEMAND SIDE

Target Sectors

The Saudi industries sourcing at YCSF 2026, the buyers your technology is placed in front of.

Refining & Petrochemicals

Turnarounds, capacity expansion, catalyst and equipment replacement.

Mining & Minerals

Extraction, processing plants, bulk handling and logistics.

Derivative & Specialty Chemicals

New downstream units and feedstock conversion projects.

Cement & Building Materials

Kiln upgrades, capacity additions and emissions control.

Power & Renewables

Generation, solar, storage, grid and substation buildout.

Manufacturing & Localization

New factories, tooling and in-Kingdom production lines.

Water & Wastewater

Desalination, treatment plants, reuse and network upgrades.

EPC & Industrial Services

Capital projects, maintenance contracts and asset management.

Every sector above is represented on the buyer side and matched to an exhibition zone on the floor.

Exhibition Zones

Zone
01

Stationary & Rotating Equipment

Pumps, Compressors, Blowers, Fans, Turbines, Expanders, Exchangers, Drums & Pipes & Fittings.

Zone
02

Valves, Flow Control & Piping Suppliers

Valves, Actuators, Pipe Systems, Fittings, Flanges & Instrument Manifolds.

Zone
03

Electrical & Power Systems Suppliers

Transformers, Switchgear, Motors, MCCs, UPS Systems, Protection Systems, Substation Equipment.

Zone
04

Automation, Robotics, AI, & Digitalization Suppliers

Industrial Robotics, Robotic Inspection & Drones, DCS, SCADA & IoT, Digital Twins, AI Inspection, Predictive Maintenance & Industrial Cybersecurity.

Zone
05

Water Technologies Suppliers

Desalination, Wastewater Treatment, Water reuse, Membrane systems, Smart water systems & Chemical Dosing.

Zone
06

Mining & Bulk Material Handling Suppliers

Crushers, Conveyors, Screens, Grinding Mills & Mineral Processing Equipment.

Zone
07

Energy Transition & New Energy Suppliers

Solar, BESS, Hydrogen Equipment, Carbon Capture Technologies, Energy Management Systems

Zone
08

EPC & Industrial Service Providers

Engineering Firms, Construction Firms, Commissioning Specialists, Industrial maintenance providers, Asset management Services.

| AN INVITATION TO COLLABORATE

Partner with YCSF 2026

Join the Kingdom's premier industrial platform and connect with the buyers, partners, and decision-makers shaping the future of Saudi industry. Through YCSF 2026, turn opportunity into localized capabilities, strategic investment, and lasting national value.
